

that is actually on our consent agenda, and I'm pretty sure it's going to go through. Then it goes to cross over. Senate gets the House Bills and the House gets the Senate's bills. The senate doesn't have as many bills as we have, so they are going to be very busy. We will send an alert to you to let you know what bill are coming forward that you might want to take a stand on.

Chairman O'Connell stated before you came in we talked about this and rather than us trying to go through your work of going through 400 bills, that the method would be that you would highlight to us the one's you think we should speak on.

TABLED ITEMS

9. NEW BUSINESS

Committee Member Want stated last night we discussed it the footboard joining the ConVal lawsuit, not joining us plaintiffs but joining as an Amicus Brief, which means a friend of the court and so we it would be at no cost our district, no future commitment to any lawsuits or anything just to say that we are in support of what that lawsuit all about to give a greater equitable distribution of funds throughout school districts in New Hampshire. So, the Board will be taking that up at our next meeting on the 23rd. The Board will receive all that information, it will be in the packets and the community can take a look at it as well. And the Board will be voting on it.
